

Legal Risk Dashboard (Board Summary)

Governance summary for legal, compliance, and executive oversight.

1. Executive Summary

Current legal framework establishes a strong company-protective posture across operational, financial, compliance, IP, and dispute domains.

2. RAG Snapshot

Operational: Green

Financial: Green

Regulatory/Compliance: Amber

Intellectual Property: Green

Dispute/Litigation: Amber

3. Control Highlights

Liability cap fallback, IP retention, verification-gated rights handling, suspension rights for payment and security events, and jurisdiction framework controls.

4. Residual Risk

Residual exposure remains jurisdiction-specific and contract-specific, requiring annual legal mapping and counsel validation for high-risk markets.

5. Next 90-Day Actions

Finalize jurisdiction annexes, align MSA/SOW controls, maintain policy revision logs, and implement legal redline escalation workflow.

6. Legal Notice

This dashboard is internal governance material and does not constitute legal advice.
